Ballet Teacher Position Opening

Berkshire Pulse seeks an experienced ballet teacher for an interdisciplinary performing arts program, teaching beginners through advanced level students ages 9-18 and beginners and open level ballet for adults. This position is best suited for an individual who is self-motivated and enthusiastic about dance, teaching, creating, and learning in a community focused, holistic and high-quality educational arts environment. While grounding in our unique curriculum is offered by founding teaching staff, this individual can also deepen his/her understanding of our approach by watching or participating in classes where other faculty members and guest teachers are at work, as well as by observing their ballet students in other classes across disciplines. A can-do attitude and someone who enjoys team effort and collaboration would make for a great addition to our dynamic faculty. 15-20hrs wk. Salary commensurate with experience.
